WHAT WE ARE LEARNING

Reading/Language Arts:

This week we are learning how to form and write questions before, during and after reading while reading *fiction*. Last week we focused on informational text. We are explicitly referring to the text to find the answers.

Vocabulary:

We are working on multi syllable words - this week we are just looking at "Magic e" in 3rd grade appropriate words."

Math:

This week we are working rounding to the nearest ten or hundred using a number line. I have assigned a few games for the students to play online. For extra information on this for parents: see Online Resources for Parents

Social Studies:

This week we will be finding absolute and relative location of place within the local community and region. We will be summarizing the elements that define regions - demographic, cultural, etc.

Writing:

In writing, we are planning our first piece of writing using a timeline and adding sensory words as well as transitional words to help our writing flow fluently.
