

ARRGH!

A Multiplication and Division Fact Game

$\times 1/1 \div$, $\times 2/2 \div$, $\times 5/5 \div$, $10 \times / 10 \div$

HOW TO PLAY: (2 or more players, best with 4–6 players)

- Students sit in a circle.
- Without looking in the can (or basket), one student pulls 1 card out.
- He/she must say the fact with the product within 5 seconds. I have them say the complete equation ($2 \times 5 = 10$.) If he/she is correct, he/she holds onto the card. If he/she is unable to give the correct equation, the card goes back into the can.
- The can is passed to the next person.
- If a player pulls the ARRGH! card, he/she must put ALL his/her cards back into the can and his/her turn is over. (I tell the students they must say ARRGH! like a pirate would 😊)
- The player with the most cards at the end is the “winner”.

$$2 \times 0$$

$$2 \times 1$$

$$2 \times 2$$

$$0 \div 2$$

$$2 \div 1$$

$$4 \div 2$$

$$2 \times 3$$

$$2 \times 4$$

$$2 \times 5$$

$$6 \div 2$$

$$8 \div 2$$

$$10 \div 2$$

$$2 \times 6$$

$$2 \times 7$$

$$2 \times 8$$

$$12 \div 2$$

$$14 \div 2$$

$$16 \div 2$$

$$2 \times 9$$

$$2 \times 10$$

ARRGH!

$$18 \div 2$$

$$20 \div 2$$

ARRGH!
