

WELCOME TO THIRD GRADE

Green Hope Elementary

Monday 27th October '14

Classroom News: *TIMES*

Math:

We are learning how to use multiplication and division within 100 to solve word problems in situations involving equal groups, arrays, and measurement quantities. **This means that everyone will have to learn their times tables - we are learning our 6's, and 7's.**

Language Arts:

We are learning how to recount stories, including **fables and folktales, and myths**. We are starting a new unit after the Teacher Workday where we will be looking at character traits.

Science:

We have pollinated our flowering plants with bees - ask your child about this! We learned the parts of a flower and learned how the bee pollinates flowers. We also learned the parts of a bee. We will be taking a Science assessment on Friday to finish up this unit. Our next unit will be Social Studies.

Writing:

As a class, we are revising and editing our personal narratives. We are publishing our work on Kid Blog - ask your child to show you what they have written so far.

Social Studies:

As we get ready to embark on our Social Studies unit so we are integrating our reading and history by reading "Why I wouldn't be an American colonist" See the rubric and explanation sheet that came home on Friday.

Points to remember:

Dear Parents,

Thank you to **Mrs Bloomfield** for helping me organize my library! It is such an undertaking to keep up with my 1,000+ books, especially when the children read as many books as they do! Please order your book via Scholastic Books if you would like to use the coupon - the deadline is coming up! If you want ME to order the book, please send your book coupon back in and I will do so.

Field Trip money is due - you can choose to split it into 2 payments or just one. Make the checks payable to GHE.

Thank you for all you do!
Candice Volland

What's our SPECIAL?

- Specials #6 - Reader's Theater
- PE
- Specials #2 - Technology (new specials)
- Art
