

# The Dreadful, Smelly Colonies

## By Elizabeth Raum

Write 3 facts and 3 opinions for each topic from the Table of Contents.

**For example:** New Land, New Home is on page 7-9. Read those pages, and find THREE interesting facts that you didn't know or thought was very interesting. You may write more than 3 facts, if the topic is super interesting! PLEASE don't copy down the facts from the book - try to write the fact in your own words.

**\*\*I will deduct points for copying/plagiarizing\*\***

Then write an opinion about what you think about the fact you just read. Try to write the opinion from the point of view from the book. **For example,** if you are reading about the settlers, write one opinion about how you wouldn't like to sleep on the hay floor because you get hay fever and you would miss your comforter from your own bed.
